Material world

Drummonds has a traditional Victorian rolltop design, but it's made from a modern material. Quarrycast is a proprietary blend of volcanic limestone and resin designed to be super-smooth to the touch and more durable than acrylic. Available in seven colours, the Cheshire bath in Stone Grey costs £3,375, Victoria + Albert Baths (01952 221100; www.vandabaths.co.uk)
