Strip back to basics with the raw trend. From coarse
concrete to unpolished, oxidised metals and antique
brassware, let the unconventional beauty of this new
take on the industrial look shine through. The trend's
key features: weathered copper lighting, cast iron
designs, and plenty of on-trend, rough concrete.
Incorporate all of these materials together
for an edgy look or choose striking out
pieces to make a bold statement.

Antique iron plant
holders, from £64, Raj Tent
