Tile trends

Bold designs are in vogue and Rob Whitaker, creative director at Fired Earth, explains how to use them

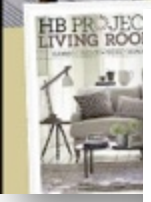

- ★ Even the simplest brick-format tiles can be used to create eye-catching effects. Mix and match colours and lay tiles in herringbone patterns for a striking geometric alternative to a classic brick bond design.
- ★ Extend tiles across walls and floors for a seamless effect and a modern, wet room feel.
- ★ The clean lines of a square or rectangular white basin have a timeless look and give contrast to a boldly patterned backdrop.
- ★ A double basin is a luxurious, practical choice for a busy family bathroom. Single-lever basin mixers keep lines minimal and ensure there's plenty of space for toothbrush holders and toiletries.
- ★ A large mirror or glazed wall cabinet will maximise the feeling of space and light in the room. Square or rectangular designs will accentuate a geometric backdrop, while curved mirrors, lights and accessories will introduce softer, contrasting shapes.

Barcelona Brick tiles (H16.3cm x W24.9cm), in Sarria, Raval and Barrio, £89.58 a sq metre; Lonsdale double basin, £525; Liberty basin mixers, £525; Claudia mirror, £175; all Fired Earth

BATHROOM NOTEBOOK

New ideas and expert advice to refresh the look of your room

◀ Create a striking focal point in a neutral room with a colourful, vertical panel radiator. This one will heat the room and dry towels. It comes in a wide choice of colours and sizes.

Decorative Panel radiator (H1800mm x W425mm x D58mm), £835, Bisque

LATEST TREND

Wash cycle

Part of a new range of luxury pieces from Arcade Bathrooms, this showstopping design really is something a bit different. Quirky combining a Pushley bicycle with a washstand, it has a 600mm-wide basin that comes with one, two or three tap holes and costs from £2,199, excluding taps.

3 OF A KIND

Take your pick from these space-saving warmers
